

Sponsor A St Luke's Nurse

Help *us make a difference*
from just £1 per week

St Luke's Hospice, Plymouth is a registered charity that relies almost entirely on charitable giving. It costs more than £5 Million each year to keep the hospice open. Government funding is limited, so we have to raise £3.5 Million each year from our local community. Therefore your support is invaluable.

Over 12 months this is how your sponsorship helps...

£1

per week will pay for one session with an occupational therapist.

£10

per month will pay for fourteen hours of in-patient nursing care.

£20

per month will pay for home cooked meals for a patient for one week

£50

per month would pay for at least 12 special baths or 6 day hospice visits or 3 days of nursing care

...Any gift will help make a difference

Time to **care**

- Time to admit the patient and make them feel comfortable
- Time to discuss symptoms and pain relief with our doctors
- Time to arrange Occupational Therapy to help patients be more independent
- Time to arrange some TLC with Complementary Therapy for a loved one (very important, giving peace of mind to the patient)
- Time to answer all those questions and put to rest the fear of what may lie ahead...

*... and when the end comes time to understand,
to support, to listen and the TIME to care.*

Please note the above nurses are representing all the nurses and the care that is provided by St Luke's.
Your donation will help us continue caring.
