PRESS RELEASE

Gorgeous Gardens Open for St Luke's

The new St Luke's Open Garden Scheme gives you the chance to visit some of the most beautiful and tranquil gardens the South West has to offer.

From Sunday, 18th April, the scheme will help you to discover some of the hidden located across Plymouth, South West Devon and East Cornwall. Each garden will open up throughout the year to help raise vital funds for St Luke's.

Hayley Dann, Fundraising Manager for St Luke's said: "We really do have some fantastic gardens – ranging from the unique and personal to the grand and immaculate grounds of some of the region's stately homes. By launching now, going through the summer and finishing in September, the public will get to see the gardens at their finest."

As well as featuring some of the most extravagant and impressive gardens in the South West, including the truly spectacular property and grounds of Gnaton Hall, Yealmpton, a number of St Luke's supporters have signed up to showcase private gardens that are not normally on show to the public. Visitors will definitely be spoilt for choice!

If taking a stroll around magnificent gardens isn't enough, there will be art exhibitions, plant sales and much more - there will be something for the whole family!

The new Open Gardens brochure, complete with dates and details for each garden involved, is available online at www.stlukes-hospice.org.uk or by calling the Fundraising Team on 01752 492626.
