

St Luke's Open Garden Scheme Press Release

St Luke's Needs You!

Are you an avid gardener? Do you have an attractive garden that you would like to show off to the public? If the answer is yes, then St Luke's Hospice needs you!

St Luke's Hospice, Plymouth is looking to launch a new Open Garden Scheme in 2010 and is on the lookout for some gorgeous gardens. The aim is to open up gardens to the public throughout the spring and summer of 2010, within Plymouth, South West Devon and East Cornwall, in a bid to raise vital funds for the Hospice.

The gardens that join the scheme will also feature in a special St Luke's Open garden brochure, containing all the gardens opening to the public, information about them and the facilities available.

So if your garden is one in a million, contact the St Luke's Fundraising Team on 01752 492626 or email events@stlukes-hospice.org.uk for more information.

ENDS

Notes to Editor:

- **Founded in 1982, St Luke's Hospice is a registered charity that is dedicated to providing highly specialised palliative and end of life care for patients who have terminal or life-limiting illnesses. We also offer support to the families and loved ones of our patients.**
- **The Hospice costs more than £5 million each year to run. Government funding is extremely limited so each year at least £3.5m must be raised within the local community.**
