

DISTRIBUTION CENTRE: PAT TESTING/ENGINEER VOLUNTEER

Line Manager: Distribution Centre Manager/Supervisor

Location: Retail Distribution Centre, Plympton

A great opportunity for a qualified electrician/engineer PAT Tester to assist with the supply of safe and function tested stock to the retail shops within our Distribution Centre. The aim of the role is to support and assist with domestic electrical donations received, to help raise vital funds for St Luke's Plymouth. Retail sales are an integral part of our fundraising and without the support of volunteers this would not be possible.

Your role

- Supporting the Distribution Centre team to PAT Test electrical donated items received through the Distribution Centre and retail outlets
- Sorting items for distribution to our retail, eBay and Amazon outlets
- Identifying goods that can be recycled if not suitable for sale

Your qualities

- Reliability, flexibility and commitment
- Qualified and competent PAT Tester/electrical engineer
- An interest in helping to raise vital funds for St Luke's Hospice Plymouth
- To have a 'can-do' attitude and integrity

How we work together

Volunteers are a valued and vital part of St Luke's

What volunteers can expect from St Luke's Hospice Plymouth

-
- To be valued and treated with respect
- To receive the appropriate induction and training
- To be supported in the role, with a clear explanation of what it involves
